

It is my understanding that the FCC is considering implementing a service called LPFM. I would like to say, if this is done, you will be impacting many thousands of people in a negative way. I am a listener of K-LOVE radio and find it encourageing and refreshing to hear a radio station that supports positive moral values as well as

good Christian music. K-LOVE is a great influence in the community it serves and it would be terrible to take it off the air. K-LOVE is broadcast in many areas using FM Translators and if the LPFM service takes effect, it would mean the end of these translators as well as the loss of a great community influence. We need positive encouragement in our world today and K-Love offers that. There is plenty of negitive information on the airwaves as well as adult only broadcasts. We need the family friendly encouragement and sounds of K-LOVE to be able to continue unhindered throughout this country. Please reconsider your plan and the effect it will have on hundreds of thousands of lives. Thank you for listening.
